

Internship Assessment

Internship Domain

Web development

Tools used in internship

Html

- HTML stands for Hyper Text Markup Language
- HTML is the standard markup language for creating Web pages
- HTML describes the structure of a Web page
- HTML consists of a series of elements
- HTML elements tell the browser how to display the content
- HTML elements label pieces of content such as "this is a heading", "this is a paragraph", "this is a link", etc.

Css

- CSS stands for Cascading Style Sheets
- CSS describes how HTML elements are to be displayed on screen, paper, or in other media
- CSS saves a lot of work. It can control the layout of multiple web pages all at once
- External stylesheets are stored in CSS files

JavaScript

JavaScript is the **Programming Language** for the Web.

JavaScript can update and change both **HTML** and **CSS**.

JavaScript can calculate, manipulate and validate.

Task completed in internship :

Task 1 : Product Landing Pages

Task 2 : Quize-App

Task 3 : Musics Players

Task 1 : Product Landing Pages

The screenshot shows a product landing page for headphones. The header features a purple navigation bar with various links like Ritish_89_, DAA notice, ACSE0501, etc. The main title is "Headphones" in blue, with a subtitle in black: "Headphones can prevent other people from hearing the sound, either for privacy or to prevent disturbing others". Below this is a quote: "We can leave home without our wallets, but not without headphones!" followed by a "MORE INFO." button. Two smaller images show different types of headphones: a black pair and a blue pair. The background is a large, close-up image of a blue pair of headphones. The footer contains a taskbar with icons for various applications like Microsoft Word, Excel, and File Explorer, along with system status indicators.

Task 2 : Quize-App

The screenshot shows a Windows desktop environment with a purple taskbar. An open browser window displays a quiz application titled "Quiz App". The question is: "Which language runs in a Web Browser ?" with four options: Java, C, Python, and JavaScript. A "Submit" button is at the bottom. The footer of the app says "Mohsin Khan © 2023". The taskbar includes icons for various applications like File Explorer, Mail, and a search bar.

Quiz App

Which language runs in a Web Browser ?

Java
 C
 Python
 JavaScript

Submit

Mohsin Khan © 2023

The screenshot shows a Windows desktop environment with a purple taskbar. An open browser window displays a quiz application titled "Quiz App". The question is: "What does CSS stand for ?" with four options: Central Style Sheets, Cascading Style Sheets, Cascading Simple Sheets, and Cars SUVs Sailboats. A "Submit" button is at the bottom. The footer of the app says "Mohsin Khan © 2023". The taskbar includes icons for various applications like File Explorer, Mail, and a search bar.

Quiz App

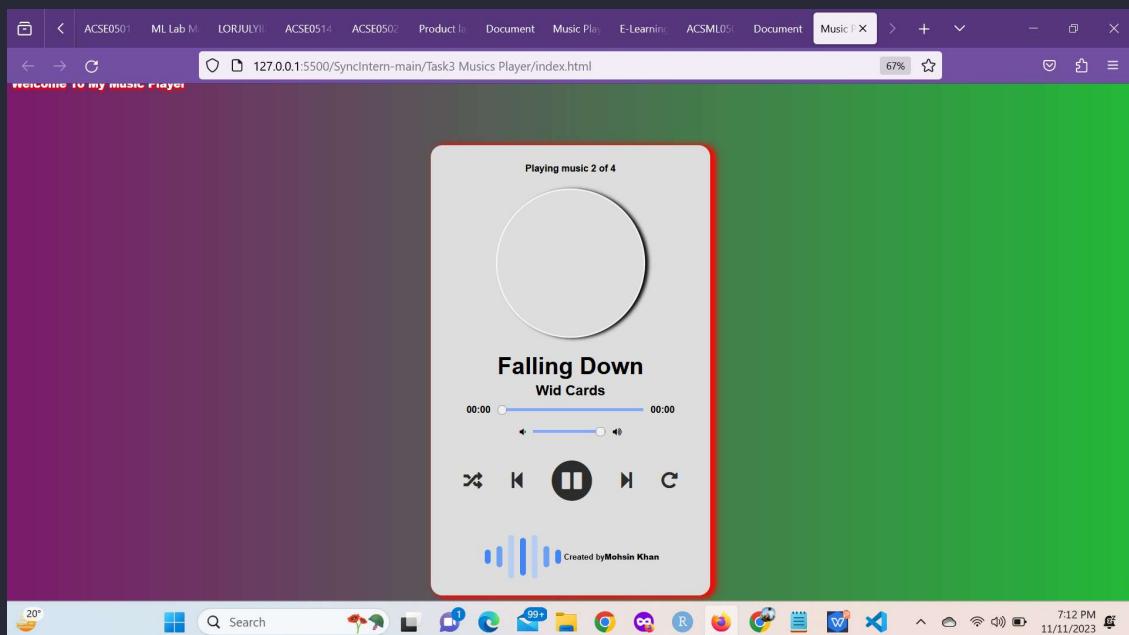

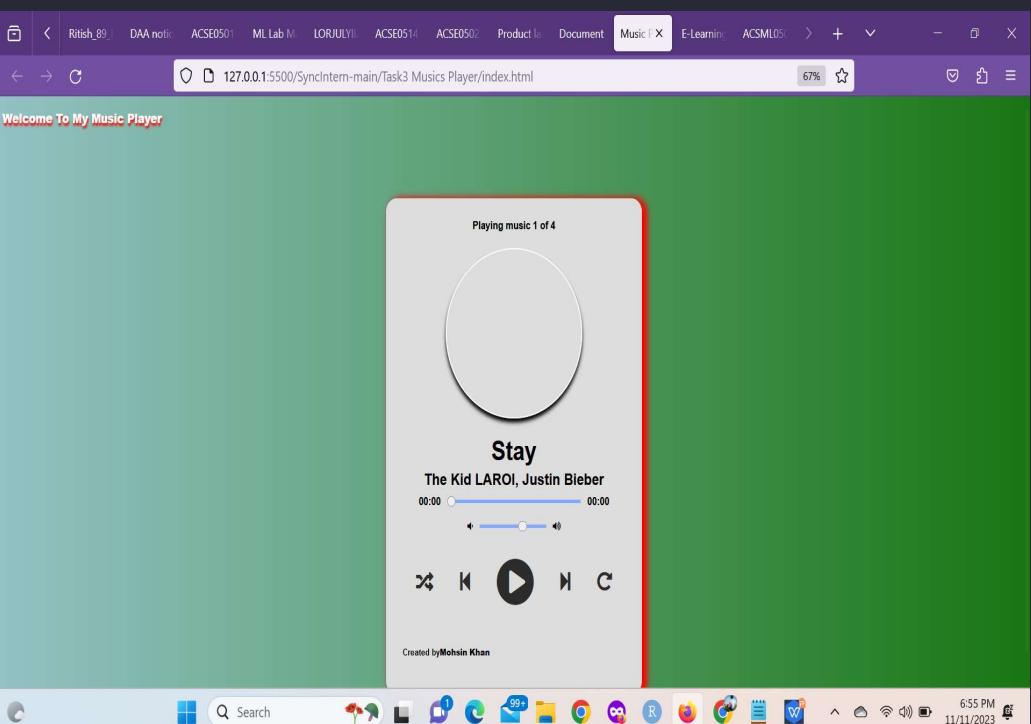

What does CSS stand for ?

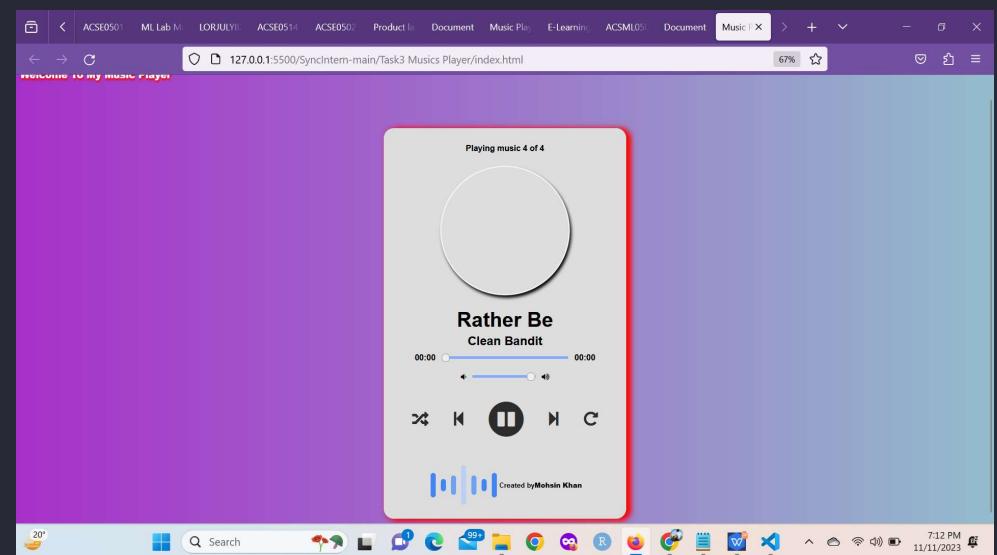

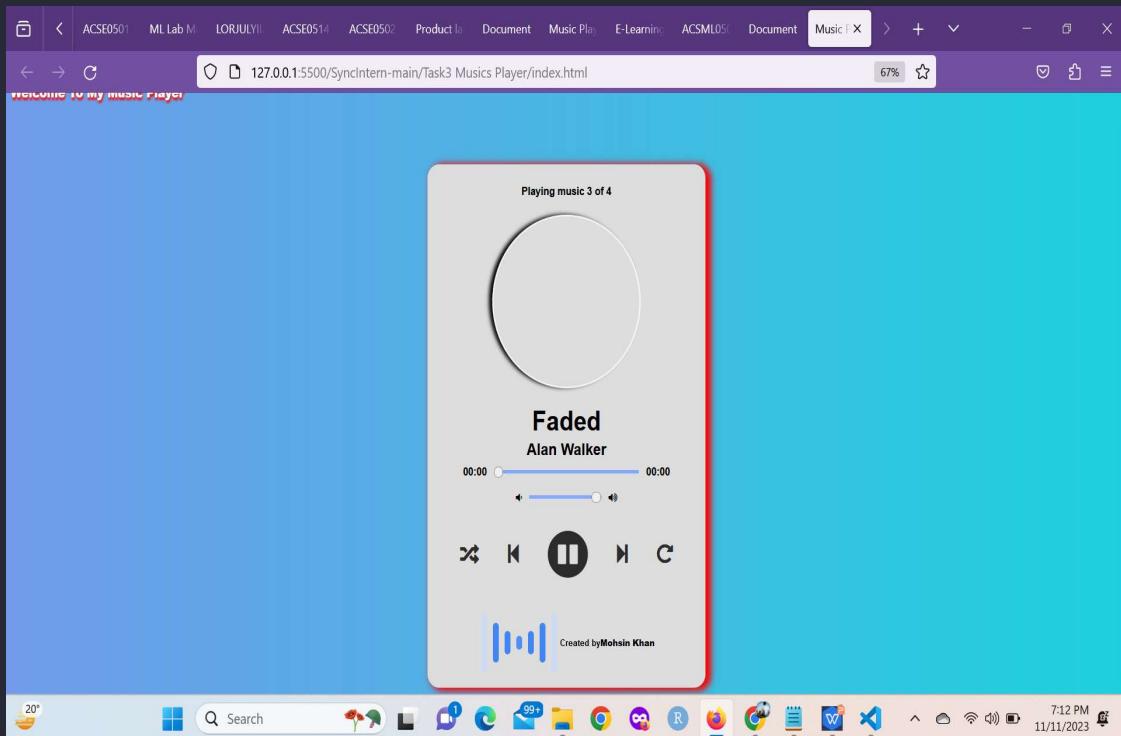

Central Style Sheets
 Cascading Style Sheets
 Cascading Simple Sheets
 Cars SUVs Sailboats
